

## **April 27, 2020**

Hello Carnival CDC Families, we miss you all so much and hope this letter finds you safe and in good health. A little over a month ago we informed you that we had to temporarily close until May 1<sup>st</sup>. Unfortunately, the battle against Covid-19 is still in full force and poses a threat to child care facilities and schools which is hindering us from opening.

We have been closely following our state and local officials on when we're able to open and as of now, there's no concrete date when childcare facilities can open for normal operation. We will keep everyone updated on the latest information as it becomes available to us!

Nothing about this is easy and none of us could have imagined the new way of living Covid-19 has caused. But we are in this together and we want to thank you for your patience and understanding to the drastic changes in our lives we've endured during these last few weeks.

With that being said, we would like to help you and your family in any way possible. We're working on a virtual classroom for your children and would like your input. Please join us via Zoom on Friday, May 1<sup>st</sup>. (The time & code will be forwarded to you by Wednesday). Please come equipped with your request on anything we can assist you with personally; input on the virtual classroom; and any questions you may have.

Lastly, we will not be in the office during the closure but if anyone needs assistance with ANYTHING please feel free to send us a Message on "The Band App", Facebook Messenger, or Instagram Direct Message.

Stay Strong & Be Blessed,  
Carnival CDC Management
